4 DiamondGlow Facials
3 Laser Excel V Treatments

SkinMedica
Even & Correct Bundle

*The perfect package for sun damage
and hyperpigmentation*

SURGICAL
Transformation

✨ A stunning transformation for my beautiful patient! ❤️ This was a very challenging set of problems requiring advanced [#oculoplasty](#) procedures. This patient only has vision in one eye and dry eye issues that had to be considered. Her upper lids show severe ptosis (drooping) that required levator muscle surgery. Both the upper and lower eyelids had severe volume deficiency as well.

These results are after an upper and lower [#blepharoplasty](#), ptosis repair with levator advancement and fat grafting to both upper and lower lids and midface. The result is dramatic and shows her beautiful bright eyes! She has a fresh, youthful appearance that brings out her natural beauty! ✨👁️

So grateful to be a part of her journey! ❤️

Last month, we had a memorable team building day at [@mountain_ridge_adventure!](#) 📍

We started the morning with some fun communication exercises that brought us closer together as a team! It's amazing how much you can still discover about the people you work with - especially when you think you know them so well!

Then we ate a delicious lunch catered by [@perrecas!](#) 🍴

After lunch, we geared up for an afternoon in the trees! The ropes course was such a fun way to tackle different obstacles as a team!

We had a great time! ❤️ [#TeamWorkMakesTheDreamWork](#)
